REJECT PROP HH

Governor Polis and some politicians claimed they would protect taxpayers but they lied. Property tax relief can be issued and doesn't require voter approval.

So why is Prop HH on the ballot?

It is simple: they want us to give up our TABOR refunds that requires a vote.

Don't fall for the con job.

NO ON PROP HH

- Proposition HH is a slyly written tax hike crafted by politicians to eliminate your TABOR refunds.
- Everyone loses and we don't get meaningful property tax relief as promised.
- Broken promises + cheap games in these uncertain times is plain wrong.
